DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed November 5, 2003 has been entered. Claims 1-3 and 6 have been amended. No new claims have been added. No claims have been canceled.

Claims 1-10 are pending in the instant application.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 1-2 and 6-10 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter that was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

In claims 1 and 6, the newly added limitation of the peripheral block having "at least one" holding rod does not appear to have support in the original disclosure. The original disclosure appears to have support only for "holding rods," hence excluding the situation of a single holding rod ("at least one holding rod"). Claims 2 and 7-10 are rejected as dependent claims.

Allowable Subject Matter

4. Claims 3-5 are allowed.

5. As discussed during the interview of November 5, 2003 the following suggestions are made to further advance prosecution of the instant application:

- in claim 1:

- on line 18, before “holding”, “at least one” should be deleted;
- on line 18, after “holding”, “rod” should be replaced with --rods--;

- in claim 2:

- on line 2, after “the”, “at least one” should be deleted;
- on line 3, after “holding”, “rod” should be replaced with --rods--;

- in claim 6:

- on line 18, before “holding”, “at least one” should be deleted;
- on line 18, after “holding”, “rod” should be replaced with --rods--;
- on line 24, after “the”, “at least one” should be deleted;
- on line 25, after “holding”, “rod” should be replaced with --rods--;
- on line 26, before “holding”, “at least one” should be deleted;
- on line 26, after “holding”, “rod” should be replaced with --rods--.

Response to Arguments

6. Applicants’ remarks filed November 5, 2003 have been considered. In view of Applicants’ remarks the rejections under 35 U.S.C. 2nd paragraph and 35 U.S.C. 102 have been

withdrawn. However, in view of Applicant's amendments a new rejection under 35 U.S.C. 112, 1st paragraph has been set forth as shown above. As such, Applicant's arguments are moot in view of the new ground(s) of rejection.

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
